DETAILED ACTION

Allowable Subject Matter

This Notice of Allowance is in response to the Decision by the Board on June 1, 2006.

Claims 1-21 are allowed.

Examiner's Statement of Reason's for Allowance

The following is an examiner's statement of reasons for allowance.

This Notice of Allowance is in response to the Decision by the Board on June 1, 2006.

Prior art was found, the combination of Stringer, Carroll, Casey, Wiedemer, which disclosed many of the features of the Applicant's claims.

However, the Board found that the combination of Stringer, Carroll, Casey, Wiedemer did not render obvious the Applicant's features of the independent claims. And, particularly, in combination with the rest of the independent claim, that the prior did not render obvious computer programs loaded onto a computer that are unusable and that there is a module that can select certain programs and make them usable.

Hence, the Board stated that the prior art cited does not disclose the combination of the specific features stated above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
